Representation of Women's Roles in Late 19th Century Austrian and Romanian Women's Writing

Main objective:

a study of late 19th century Austrian and Romanian women's writing, that addresses changes, diversification and conflicts in women's roles as part of a slow but steady process of emancipation.

Taxonomy of women's roles (Tiffany Wayne)

- | | |
|------------------------------------|-----------------------------------|
| 1) Marriage and family life | 4) Education |
| 2) Work | 5) Politics and Reform |
| 3) Religion | 6) Literature and the Arts |
